SPACE COUNTER
                                         You have been given the task of making the content on a social media platform more user-friendly. Your task is to find and return an integer value
                                          representing the count of the number of spaces in a given string S.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                    13CHOSS ?
                                         Input:
                                         A string S
    Choan 30
                                                                                                                                                                                                                                                                                                                                                                                                                                                                     1039 3EF7
                                          Output :
                                          Return an integer value representing the count of the number of spaces in a given string S.
  38 36R13
                                         Example:
                                         Input:
                                         Hello World Hey
                                          Output:
                                         2
   2324089
                                                                                                                                                                                                                                                                                                                                                                                                                                  BRISCAL
